

Dear Participant,

I am very happy that preparations for the Vintage Festival are well under way. As you know, Murray Smith joins the event as Chairman, following the long traditions established by Charlie Gibson and Steve Earle.

With this letter you will find an entry and information pack giving you, I hope, the details you require to set in motion your presence at Lime Rock Park this September for Labor Day Weekend.

Already, exciting things are happening. We expect to celebrate three birthdays; the centennials of Morgan and Bugatti, and the 50th anniversary of the Connecticut Valley Region of the PCA. One of the most exciting racing cars ever built, the 1939 W154 Mercedes Silver Arrow, will be with us, plus a wonderful selection of Grand Prix cars.

Our objective this year is to maintain the high standards of the past while making the event more user friendly for you - the essential ingredient - the participant. To that end we have enlisted the enthusiastic support of the longest established vintage racing and sports car club in the United States - the VSCCA, and we are aiming to establish a driving club facility where you can have a coffee or tea in congenial surroundings.

Looking forward to your prompt response regarding your attendance.

Cheers,

A handwritten signature in black ink that reads 'Skip Barber'. The signature is written in a cursive, flowing style.

Skip Barber

## INVITATION TO ENTRANTS

This confirms that the 27th Vintage Festival will take place at Lime Rock Park on Labor Day Weekend 4-7 September 2009. The organizing team, led by Skip Barber, Murray Smith and the VSCCA, is sure that you will enjoy a memorable and friendly event and invite you to submit your entry.

Attached is all of the information you require to start the ball rolling:

1. Race Groups
2. Schedule
3. Entry and Medical Form

## GENERAL INFORMATION

a) The entry fee of \$350 covers all races entered plus 2 admissions to the Friday Night Participants Welcome Party. If a second car is entered by the same driver, a \$50 discount will apply to the second entry. If you have multiple entries, please make copies of the entry form for each entry. Please send entries in promptly as we anticipate full grids this year and an early entry will tend to ensure acceptance. Please also send a car photo to ensure its inclusion in the program.

**Entry deadline is 15 June 2009.** Please attach a check or credit card number to your paper or electronic entry. We will give you an entry acceptance promptly, thereby eliminating any delays that may have occurred in the past.

Send entries to:

Lime Rock Park  
Jeanette Veitenheimer  
497 Lime Rock Road  
Lakeville, CT 06039

- b) Class awards will be given in each group, i.e. In Group 5 there will be four classes: early F1/F2; F. Junior; F3 and F Ford.
- c) Cars are expected to be period correct. Blatant modifications will be seriously frowned upon and may incur moving to a higher class or exclusion from the event.
- d) Responsible Driving Standards are encouraged. Incidents causing physical damage to a car will be dealt with by a driver's committee which includes Murray Smith and may lead to exclusion from the event.

- e) We have introduced some longer races this year. Detailed additional instructions will be issued regarding these later. However, there will be a five minute mandatory pit stop for optional driver change and refueling in all races of over 30 minutes duration. If you wish to participate in one or more enduros in addition to your sprint races, please specify.
- f) The organizers will place your car(s) in appropriate race groups. If these groupings seem inappropriate they will be reconsidered prior to the event to ensure that fair placings reign. If you have specific technical questions about your cars' eligibility or classification, please email: [murray.smith@ctspeed.com](mailto:murray.smith@ctspeed.com).
- g) Timing and Scoring will post race times and results then grid positions will be established based on these times after Friday qualifying. Please note that if you do not have a transponder you can hire one at the event. But, if you want to be officially timed, you will need a transponder.
- h) We have done our utmost to provide you with as much on-track time as possible - in some cases this means multi-class endurance races - we hope that you enjoy this innovation and respect both your fellow competitor and your mirrors. Class awards will be given.
- i) VSCCA, FIA, CSRG, SCCA, VARA, SOVREN, HSR, HMSA, SVRA, licenses will all be accepted, accompanied where appropriate with a current medical certificate. We would urge you to complete the attached medical form for your own benefit in case of an inadvertent incident.

We realize that this is an early question, but if you have an idea of how your car will be coming to the track i.e., big rig, 2 car trailer, 1 car trailer, etc., it will help us to plan in advance. Also, if you have a preference: A Paddock, B Paddock, friend's next door, etc. That would be helpful as well, please let us know.

We look forward to hearing from you and to enjoying a great event together.

Skip Barber

Murray Smith
