

VSCCA AT THE WATKINS GLEN HISTORIC RACES

Friday, June 12th through Sunday, June 14th, 2009

We are very pleased to announce that the VSCCA will once again be participating at the historic Watkins Glen circuit in New York on Friday June 12th, through Sunday, June 14th!

Watkins Glen is a long, safe (Designed with formula 1 speeds in mind), wide track, which can accommodate a great many cars very safely. Therefore there is absolutely no problem in accommodating vehicles with somewhat disparate speed potentials at this event. **Even the least fast of our cars are entirely welcome, and very appropriate to be run at this event.**

As this is truly a “Historic Vintage Festival”, with another vintage club participating in the event, there will be a great many historic cars present, which will afford the opportunity to stroll the paddock, and to watch a great many cars being put through their paces on one of the most exciting tracks in the country. A track such as this will afford all of our cars the opportunity to really stretch their legs and reach speeds only possible at a handful of locations.

Yet the track is very easy on machinery since it is so flowing.

Although this is a very large Vintage Festival, the VSCCA portion of the event is a completely own, and separate event within the overall Festival. You will be on the track with only VSCCA cars and drivers. Your driver’s application will be accepted according to **normal VSCCA driver eligibility requirements.** If you are a VSCCA driver, you are good to go with no other requirements, such as furnishing a medical, or anything like that. Your **car will be teched according to normal VSCCA requirements, by VSCCA tech people. If you have a pre war car without a roll bar as an example, no problem.** No fuel cell requirement, etc., etc. VSCCA rules govern on the track as well. In other words, while we are fortunate enough to have a partner at this event that is also a vintage racing organization, and accrue all of the intangible benefits of the entire paddock being filled with vintage cars and vintage racers, their rules, regulations and etiquette in no way intrude upon our portion of the event. It is a VSCCA event within the larger festival.

Your **entry fee includes the entire experience, such as receiving party, banquets, gifts, crew passes, etc., that are extra at many other events.** Additionally, most of our group usually gets together on Thursday evening in the bar/restaurant of the historic Seneca Lodge, just down from the track, at about 6:00 PM or so for cocktails and a great meal. So it is really four days of great activities and camaraderie.

The middle of June weather should be as perfect as it gets. The region boasts the lovely little town of Watkins Glen, which was part of the “old course”, as well as the Motorsports Library, boat trips on the lake, winery tours, and of course the “Falls”, which can be hiked to from the middle of town. Watkins Glen is strategically located to allow access to all major metropolitan markets including Buffalo, Syracuse, Rochester, Binghamton, as well as those in Connecticut, and NYC of course. There are **camping facilities at the track,** including bathrooms and showers, and many of our group take advantage of the perfect weather for camping there at that time of year. So there will be plenty of camaraderie in the evenings if you choose to do so. But below is a list of hotels in the nearby area as well.

Please fill in your entry form right away, as completely as possible, enclose a **check for \$435.00 (All inclusive-dinner tickets included) made out to VSCCA Inc., and send it to Event Chairman: Sandy Sadtler, 631 Newtown Road, Berwyn, PA. 19312.** Please e-mail Sandy if you have any questions at: maddenryan@verizon.net, or call him, if necessary, at Home: (610) 687-3790, or Business (610) 688-8921.
