

SAVE THE DATE: MONTICELLO (NY) MOTOR  
CLUB- JULY 9TH, 2010

On July 9th the VSCCA will be exploring the Monticello Motor Club by holding a track day/test and tune day at this new private club facility. Come and join us as we try out this new track on what hopefully will be a long and gloriously sunny Friday in July.

The idea is to try out the track for one day and see if the facility is suitable for a weekend's worth of racing in the next racing season in 2011. The MMC is about an hour north of NYC, so it is readily accessible to a large percentage of our members. The track will be open from 7 AM to 7 PM and we will be renting the South track, which is 1.8 miles long and has eleven turns. There is a snack bar at the track, and plenty of parking room for our rigs and cars.

At \$195 for a full day's racing, this will be a relative bargain in our own backyard, with as much track time as you care to use. If enough people show up, and we are pleased with the venue, we will be able to add one of the posh new motor sports venues, that is generally only available to members, to our permanent calendar with a weekend date for next year and beyond. There is a website: <http://www.monticellomotorclub.com> that I suggest you visit. On that website they suggest local accommodations as well.

MMC will provide corner workers, as well as fire-rescue services and will have an ambulance on site as well as a flatbed tow truck. This is a great opportunity to try out this new circuit on a date that doesn't conflict with the rest of the VSCCA schedule.

Please use the enclosed VSCCA Entry Form, and send in your entry now.

Best Regards-
