

VSCCA Tech Meeting at Vintage Racing Services, Inc. and
Automotive Restorations, Inc., 100 Lupes Drive, Stratford,
CT 06615 (203) 377-6745

Saturday, February 21, 2009 10:30 am – 2:00 pm

Vintage Racing Services, founded in 1985, is a leading provider of vintage race car preparation, restoration, acquisition and at-track support services. VRS supports participants among a wide range of venues, including VSCCA, SVRA and HSR events as well as invitational events such as the Amelia Island and Pebble Beach Concours and the Monterey Historics. One unique aspect of VRS is our support of vintage rally events around the world, including the Carrera Panamericana, Targa New Zealand and Newfoundland, Milan to Moscow Tour, the Mille Miglia (CA and Italy) and the Colorado Grand. As fellow auto enthusiasts, we share your passion for these wonderful pieces of history and performance art, and invite you to visit our facilities to see what we're all about.

All of the staff of VRS are racing enthusiasts and participants who have been involved with the vintage racing community for many years. We're car guys whose expertise has developed from wide-ranging experience with European and American production-based and purpose-built race cars, including both tube-frame and monocoque based sports racing, silhouette, formula and prototype cars. Among the unique characteristics of the VRS team is the breadth of expertise and depth of talent we bring to projects, from chassis fabrication and component machining, to aluminum and composite body-work and expert painting, to engine and drivetrain rebuilding, tuning and maintenance, to trackside support, transportation and hospitality, VRS is truly a one-stop shop for vintage racers. VRS, along with its sister company, Automotive Restorations, are located in a state of the art 40,000 square foot facility in Stratford, CT, where the companies dedicate themselves to the art, entertainment and performance of collectible, sports and racing cars.

Kent Bain, our founder and an avid vintage racer who many of you know, will begin by introducing our team and capabilities. We will then describe some of the projects we're working on and how our full service approach makes a difference to racers, from the grueling demands of rally events to a record of numerous podium finishes and minimal DNF's in competition. We will then tour the shop and show you how and why we love what we do. We will then break for lunch so you can wander around and talk with our team. This event won't be formal in any way, just enthusiasts talking, car guy to car guy and enjoying the craft!

Please let us know by if you'll be attending so we can plan for the lunch. There will be a \$25 charge for food and libations, which you can bring to the event. **Please RSVP no later than Wednesday, February 18th by calling Donna Boccuzzi, our race event coordinator, at (203) 377-6745 ext 20 or by emailing us at Donna@Auto-Restore.Com.** If you have questions, please contact Andrew Kopperl (203) 377-6745 ext 19 or Andrew@Auto-Restore.Com or Bob Klingenburg of the VSCCA at (973) 262-9201 or Bobklingenburg@hotmail.com.
