

100 Motor Cars of Radnor Hunt

Exclusive Club Parking

Premise: To give the various clubs a prime parking area so their members can make a club activity out of attending the concours. The vehicles will be parked together on the lawn between the New Car Automotive tent and Providence Road.

Each vehicle will receive 1 admission ticket, 1 event dash plaque, 1 signed poster, and 1 program. The cost for the vehicle is \$40.00.

Each passenger (over age 12) will receive 1 admission ticket, 1 signed poster, and 1 program. The cost for each passenger is \$25.00.

Entrants will also be able to pre-order the event polo shirt if they wish.

The cutoff date for entry is September 1st.

Initially there will be a limit of 25 vehicles per club. Should it work out that there is more room, those clubs that want more space are welcome to it. (Yes, we will extend the cutoff date by a week to accommodate this). If any motorcycle clubs want to participate, they should be aware that this is a grassy area and they should bring something for the kickstand.

Each club should appoint a club coordinator. The coordinator will be the point person and will collect the entry forms and money from their members. On September 1st, an email should be sent to Vicki with a count of vehicles and passengers so we can get everything together, plan the parking spots, etc. On Sunday the 14th, the coordinator will come to the Will Call desk and exchange the forms and money for a club packet containing the tickets, dash plaques, and coupons for the posters for their group. Payment can be made by the club for the total amount or each member can submit a check or use a Visa or Master Card. As an alternative, the coordinator can arrange to give the forms and money to Vicki prior to the event to lessen their wait on the day of the event.

We are modeling this after the way it has run the past 2 years for the Rolls Royce club, but being the 1st year with multiple clubs, it is a work in progress and may be modified to make it flow better for everyone as we go along.

Keep in mind that for Saturday's rally, I create a sub-class for each group with 6 or more vehicles. That is, 6 MGBs or 6 members of the Old Coot Car Club. The people need only note the group affiliation when they fill out the rally entrant form. For the vehicles, they need not be a club member, just have a similar vehicle. The top scoring driver and navigator each get a trophy.

For more information about the event, go to www.radnorconcours.org
Feel free to contact either John Chatley at jchatley@verizon.net or me at woc2@earthlink.net.
